Re: Notice of File Closure for Small Mining Project, Jones Claims, S/049/025, Utah County, Utah

Dear Mr. Jones:

This letter is to notify you that the Division file, S/049/025, for the Jones Claims small mining project, located in Utah County, Utah, will now be closed.

After our visit and discussion on November 28, 2000, it has been determined that at this time you are only doing assessment work on your claims; therefore, a permit from this office is unnecessary for assessment work. We will close our file for this project. This will in no way affect your claims. You will still be required to continue with the assessment work and file that activity with the Bureau of Land Management in order to keep your claims valid.

You will no longer be required to pay the \$100.00 permit fee. At such time that you can begin mining operations, you will need to submit a new notice to the appropriate agency(s), pay the Division permit fee, and receive written approval(s), prior to beginning mining activity.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

A handwritten signature in black ink, appearing to be 'L. Kunzler'.
